

Sales Engineer/Draftsman

The Company

Ozcon Engineering, located in Dalby, Queensland, is a market leader in the manufacture and supply of line pipe and casing to the mining and oil and gas sectors. Ozcon Engineering offers a comprehensive and high quality pipe processing facility with extensive machine shop and general metal engineering capabilities supported by thread gauging and inspection services.

The Position

We seek a Sales Engineer/Draftsman where the successful applicant will be responsible for:

- Dealing directly with clients on projects to understand technical requirements and translate these to requirements to drawings.
- Use your knowledge of the Ozcon product range and existing solutions to offer to clients.
- Furnish drawing packs for all orders and correspond with production for an effective handover from the sales department.
- Review, update and add to the Ozcon Controlled Drawing Register.
- From time to time, sale generation and maintenance tasks will be required as well as some travel to customer and supplier locations (local, statewide and interstate).

The Ideal Candidate:

- Hold a Bachelor of Engineering – Mechanical Engineering
- Experience with Solidworks and PDM Vault is essential and evidence of participating in professional Solidworks training is required
- Minimum of 5 years practically applying your education and using Solidworks on a daily basis (minimum of 3 days per week)
- Minimum of 3 years' experience in working in a manufacturing business supplying products or equipment for the oil and gas industry
- Ability to work autonomously and within a team
- Excellent communication skills
- Intermediate or Advanced computer literacy skills essential especially with the Microsoft Office suite of products

If you are looking for an opportunity to take on a Sales Engineer/Draftsman role within an exciting, fast paced environment, please forward your Cover Letter and Resume to info@ozcon.com.au.

Only candidates that have been shortlisted will be contacted upon fulfilment of the position.
